This Distance Learning Review Visit (DLRV) was performed by two reviewers via online platforms. The review was conducted using the UAE Distance Learning Evaluation Tool - Stage 1 that consists of three (3) Zones, thirteen (13) themes and thirty-nine (39) descriptors.

The purpose of the visit was to review the school's distance learning provision, implementation of distance learning solutions and to ensure the continuation of teaching and learning during the exceptional circumstances due to COVID-19 pandemic. The review seeks to highlight the school's response as it relates to Phase 1 of the implementation of distance learning with the objective of supporting schools in the journey to a more sustainable and flexible learning option phase. Positive Features

1. The promotion of attendance and participation is successful, and results in high student numbers in most lessons. This ensures that students have equal access to all the distance learning material, maintain their learning momentum and experience a variety of learning methods such as synchronous and asynchronous lessons.
2. The curriculum is carefully planned and delivered with teachers sharing intended learning outcomes clearly during each lesson. Teachers use a variety of traditional and online formative assessment practices well, and give appropriate relevant feedback to students.
3. Short- and long-term planning is clear, reviewed regularly, and adjusts to changing circumstances such as parental requests. The senior leadership team manages resources effectively and ensures that teachers have the necessary professional development to deliver the distance learning programme.

Areas for Development

1. Support for parents and students working at home and clearer communication with parents about their roles in supporting their children's learning.
2. Regular communication and clarifying of the school safeguarding procedures with all stakeholders.
3. Appropriate balance between screen time, other learning activities and breaks for students.

Next Steps

The school needs to prepare and submit a distance learning improvement plan to SPEA within three (3) weeks of receiving the DLRV report. The improvement plan should address the following:

- a. Recommendations and improvement areas identified in the DLRV report.
- b. Areas identified by the school as requiring improvement.
- c. Priorities arising from the school's unique characteristics.
