**Distance Learning Provision March – July, 2020  
(AY 2019 – 2020)**

**Overall Judgement during  
Phase 1 of the implementation of distance learning is  
Developed**

## Distance Learning Profile

Dear Principal,

Sharjah Private Education Authority would like to thank you for engaging with our team during the recent review visit at your school on 03/06/2020.

This Distance Learning Review Visit (DLRV) was performed by two reviewers via online platforms. The review was conducted using the UAE Distance Learning Evaluation Tool - Stage 1 that consists of three (3) Zones, thirteen (13) themes and thirty-nine (39) descriptors.

The purpose of the visit was to review the school's distance learning provision, implementation of distance learning solutions and to ensure the continuation of teaching and learning during the exceptional circumstances due to COVID-19 pandemic. The review seeks to highlight the school's response as it relates to Phase 1 of the implementation of distance learning with the objective of supporting schools in the journey to a more sustainable and flexible learning option phase. The review focused on the students' learning and wellbeing, teaching and monitoring of students' learning, as well as leading and managing students' learning.

The overall schools' distance learning judgement during Phase 1 of the implementation of distance learning was arrived at as specified below:

Judgement	Definition
<b>Developed</b>	At least 9 Themes are Developed & none are Not Developed
<b>Partially Developed</b>	At least 10 Themes are Developed or Partially Developed & no more than 3 Themes are Not Developed
<b>Not Developed</b>	4 or more Themes are Not Developed

During the online visit, reviewers engaged in a range of activities, including discussions with senior and middle leaders, review of documents and samples of students' work, observation of virtual lessons and analysis of feedback from stakeholders.

## Summary of Findings

**The school's distance learning judgement during Phase 1 of the implementation of Distance Learning is: Developed.**

The table below provides an overview of the status of development of each Theme under each Zone. This is represented by three (3) colors, green for Developed, amber for Partially Developed and red for Not Developed.

	Zone A Students' distance learning and wellbeing	Zone B Teaching and monitoring students' learning	Zone C Leading and managing students' learning
Themes	Attendance and participation	Planning and delivery	Agility
	Safeguarding	Sharing intended learning outcomes	Contingency
	Learning opportunities	Distance learning provision	Communication and engagement
	Equity of access	Monitoring and assessing learning	Resources management
	Wellbeing		

### Positive Features

1. Students' attendance has significantly improved compared with the start of distance learning. Students are enthusiastic and even the younger ones can remain focused over a whole session. Students consequently are learning effectively in lessons.
2. Well-planned activities provide students and those parents who support them with clear guidance as to what each lesson is aiming to achieve. The school continues to provide the students with an engaging mix of academic, creative, physical and extra-curricular activities. On-going constructive feedback in lessons and on students' work helps both teachers and students monitor the learning and understanding of individuals.
3. Contingency plans for possible scenarios in September 2020 are detailed and well-considered. Communication systems are established, and parents receive helpful guidance, including in support networks. The school has supported less-advantaged families with the provision of IT resources to ensure their children can continue to learn.

### Areas for Development

1. The balance of activities in which students engage to ensure they have sufficient breaks from screen-based learning and can take part in other learning activities.
2. Further guidance to students to support their knowledge of who to contact if they feel concerned about their wellbeing or their online safety.
3. Ensure all parents receive regular communications to help them understand how well their children are achieving.

## Next Steps

The school needs to prepare and submit a distance learning improvement plan to SPEA within three (3) weeks of receiving the DLRV report. The improvement plan should address the following:

- a. Recommendations and improvement areas identified in the DLRV report.
- b. Areas identified by the school as requiring improvement.
- c. Priorities arising from the school's unique characteristics.

If you have a concern or wish to comment on any aspect of this report please contact us on [schools.review@spea.shj.ae](mailto:schools.review@spea.shj.ae).
