Distance Learning Review Visit Report for

Khalifah Al Hamza American Private School

**Distance Learning Provision March – July, 2020
(AY 2019 – 2020)**

**Overall Judgement during
Phase 1 of the implementation of distance learning is
Developed**

Distance Learning Profile

Dear Principal,

Sharjah Private Education Authority would like to thank you for engaging with our team during the recent review visit at your school on 10/06/2020.

This Distance Learning Review Visit (DLRV) was performed by two reviewers via online platforms. The review was conducted using the UAE Distance Learning Evaluation Tool - Stage 1 that consists of three (3) Zones, thirteen (13) themes and thirty-nine (39) descriptors.

The purpose of the visit was to review the school's distance learning provision, implementation of distance learning solutions and to ensure the continuation of teaching and learning during the exceptional circumstances due to COVID-19 pandemic. The review seeks to highlight the school's response as it relates to Phase 1 of the implementation of distance learning with the objective of supporting schools in the journey to a more sustainable and flexible learning option phase. The review focused on the students' learning and wellbeing, teaching and monitoring of students' learning, as well as leading and managing students' learning.

The overall schools' distance learning judgement during Phase 1 of the implementation of distance learning was arrived at as specified below:

Judgement	Definition
Developed	At least 9 Themes are Developed & none are Not Developed
Partially Developed	At least 10 Themes are Developed or Partially Developed & no more than 3 Themes are Not Developed
Not Developed	4 or more Themes are Not Developed

During the online visit, reviewers engaged in a range of activities, including discussions with senior and middle leaders, review of documents and samples of students' work, observation of virtual lessons and analysis of feedback from stakeholders.

Summary of Findings

The school's distance learning judgement during Phase 1 of the implementation of Distance Learning is: **Developed.**

The table below provides an overview of the status of development of each Theme under each Zone. This is represented by three (3) colors, green for **Developed**, amber for **Partially Developed** and red for **Not Developed**.

	Zone A Students' distance learning and wellbeing	Zone B Teaching and monitoring students' learning	Zone C Leading and managing students' learning
Themes	Attendance and participation	Planning and delivery	Agility
	Safeguarding	Sharing intended learning outcomes	Contingency
	Learning opportunities	Distance learning provision	Communication and engagement
	Equity of access	Monitoring and assessing learning	Resources management
	Wellbeing		

Positive Features

1. Students experience a range of engaging learning activities which motivates them to participate in lessons. Involvement in a range of non-academic and screen-based activities helps support students' wellbeing needs. Students know how to stay safe when working online.
2. Teachers plan lessons using multiple resources. They share expected learning outcomes with students and parents. Lessons are delivered at a pace suitable for different groups through appropriately designed tasks and activities. Teachers monitor students' progress by means of digital assessment tools.
3. The short-term planning evolves to meet the emerging needs of students based on feedback from teachers and parents. School leaders consider multiple future scenarios and have developed longer-term plans to sustain students' learning.
4. Flexible communication channels for parents keep them informed about school initiatives. The school keeps Governors updated on its educational program and is supported by them in multiple ways.

Areas for Development

1. The equality of access to distance learning provision through further developing students' IT skills, particularly primary age students, to enable them to complete their tasks on their own.
2. Further and wider opportunities for students' interaction with their peers in on-screen and off-screen activities.
3. Consolidate and widen the access parents have to parent support networks and keeping parents informed about their children's on going learning.

Next Steps

The school needs to prepare and submit a distance learning improvement plan to SPEA within three (3) weeks of receiving the DLRV report. The improvement plan should address the following:

- a. Recommendations and improvement areas identified in the DLRV report.
- b. Areas identified by the school as requiring improvement.
- c. Priorities arising from the school's unique characteristics.

If you have a concern or wish to comment on any aspect of this report please contact us on schools.review@spea.shj.ae.
